1. TRANSPORTATION SERVICES

Dedicated truckload service from Edison NJ rail ramp to KLS DC5, NE Philadelphia PA. All rates are inclusive of fuel at current market conditions.

Lane	Rate	Notes
Edison NJ Rail Ramp to KLS DC5, NE Phila PA	\$769.65 Per load, all-in	

Fuel Clause: Rates above are all-inclusive at current fuel prices. In the event that the DOE National Average Diesel Price increases by 15% or more above the current baseline, L&M reserves the right to initiate a rate review discussion with the customer. Any rate adjustment would be mutually agreed upon in writing. Pickup within 1-4 business days. Up to 2 trailers may be dropped at destination.

Volume Commitment: 68 boxcars (272 loads) | Nov 2024 - Oct 2025

2. CROSS-DOCK SERVICES

Cross-dock services at L&M facilities for MGX Edison NJ inbound product. Rate applies as an exception for specific circumstances outlined below.

Cross-Dock Per Pallet	\$16.00 Exception rate
-----------------------	-------------------------------

PLCB Refusals & Weather: For PLCB refusals and weather-related events, Cornerstone agrees to the \$16.00/pallet cross-dock fee to protect goods. L&M will notify Cornerstone when cross-docking is triggered under these circumstances.

Other Exceptions: Where L&M needs to unload trailers for operational reasons outside of PLCB refusals or weather, L&M may do so at its discretion but shall not invoice Cornerstone for these services. Any product damage that occurs as a result of L&M-initiated unloading must be promptly reported to Cornerstone and is the sole responsibility of L&M.

Volume Cap: During non-weather-related periods, L&M will keep cross-docked shipments below 10% of total volume. L&M will obtain approval from and/or notify Cornerstone when an MGX load is cross-docked at our facility.

3. PLCB REWORK SERVICES (PA-510 Bensalem)

Pennsylvania Liquor Control Board (PLCB) compliance rework services performed at our PA-510 Bensalem facility. Includes relabeling, repacking, and case preparation per PLCB specifications.
